M.J. Murdock
CHARITABLE TRUST

Share Your Work, Submit a Photo

We continually share the good work of organizations with which we partner and invite you to submit a photo that is representative of your organization, your work, and the constituencies you serve. We may use this photo on our website, on social media, in publications, or to display in the Murdock Trust offices.

Consider submitting a **photo either related to the grant or demonstrating your mission in action.** These photos provide a visual representation of the sectors with which we partner and the wide variety of constituencies served. If your organization has recently received a grant from the Trust and you have already submitted a photo, it is not necessary to submit another one.

Photo Guidelines:

- JPG or PNG
- High resolution (minimum size of 2 mb)
- If possible, photos should not be cropped, compressed, put in a collage, etc. This gives the greatest flexibility for use on multiple platforms.

With this photo, please give the name of the organization, a description of the photo's content, and permission to use the photo.

If you would like to submit a photo but don't have one that you believe is representative of the work of your organization and need help in getting a photo taken, please contact us for help.

Submit your photo to Camille Cotton at camillec@murdocktrust.org. If you have any questions or need assistance, please contact Camille via email or at 360-694-8415.

Again, congratulations and thank you for all you do!
