SCIENTIFIC RESEARCH

21 Grants | \$4,228,013

Boise State University Boise, Idaho	\$337,500	Innovative Science Partnerships for Investing in Regional Education (INSPIRE) - For Partners in Science Program
Discovery High School Camas, Washington	\$7,000	Columbia Gorge Lab Outfit: Partnership Step 2 - For Partners in Science Supplemental Program
Fred Hutchinson Cancer Center Seattle, Washington	\$337,500	Partners in Science 2.0 at Fred Hutchinson Cancer Center - For Partners in Science Program
Fred Hutchinson Cancer Center Seattle, Washington	\$450,000	Scanners and AI-Supported Digital Analysis Software - To support cancer, virology, and vaccine research
Hellgate High School Missoula, Montana	\$4,000	pH Analysis of Western Montana Waterways using Spectrophotometric Analysis Methods - For Partners in Science Supplemental Program
Mount Vernon High School Mount Vernon, Washington	\$10,000	Examining Larval Fish Development in Marine Science and DNA Analysis Tools for Biology Inquiry - For Partners in Science Supplemental Program
Northwest Nazarene University Nampa, Idaho	\$500,000	Facilities Renovation - To support nursing education and research
Oregon Health and Science University Foundation Portland, Oregon	\$326,500	Cryogenic Transmission Electron Microscope - To support biomedical science research

Oregon Health and Science University Foundation Portland, Oregon	\$333,000	Furthering STEM Education: OHSU West Campus Partners in Science Collaboration - For Partners in Science Program
Pendleton High School Pendleton, Oregon	\$10,000	Integrating Gel Electrophoresis and PCR Techniques to Implement Scientific Inquiry Practices - For Partners in Science Supplemental Program
Pocatello High School Pocatello, Idaho	\$10,000	Digitizing Data to Enhance Scientific Inquiry - For Partners in Science Supplemental Program
Sentinel High School Missoula, Montana	\$10,000	Crystallography: Bridging from Chemical Bonding to Hand Samples - For Partners in Science Supplemental Program
Trinity Western University Langley, British Columbia	\$25,667	Are They What They Eat?: Elucidating the Influence of the Characteristics of Biomass Growth Substrates on the Properties of Pure Mycelium And Mycelium-Based Composite Materials - For Murdock College Research Program for Natural Sciences - Life Sciences
University of Montana Missoula, Montana	\$337,000	University of Montana Partners in Science Program - For Partners in Science Program
University of Puget Sound Tacoma, Washington	\$58,046	Characterization of Sensory Circuits to a Feeding Pattern Generator - For Murdock College Research Program for Natural Sciences - Life Sciences
University of Washington Seattle, Washington	\$450,000	Photolithography and Atomic Force Microscope - To support micro- and nanofabrication research
Vallivue High School Caldwell, Idaho	\$10,000	Genetic Analysis of Antibiotic Resistance in Environmental DNA from Soil Samples - For Partners in Science Supplemental Program
Washington State University Foundation Pullman, Washington	\$337,500	Murdock Partners in Science 2.0 Program at WSU - For Partners in Science Program
Whitman College Walla Walla, Washington	\$70,000	Effect of Striatal FoxP2 Overexpression on Auditory Responses in the Zebra Finch Songbird - For Murdock College Research Program for Natural Sciences - Life Sciences
Whitworth University Spokane, Washington	\$550,000	Facilities Renovation - To support engineering education and research
Willamette University Salem, Oregon	\$54,300	Investigation of DNA G-Quadruplex Structure & Stability in the Development of Stimuli-Responsive Sensors for the Detection of miRNA - For Murdock College Research Program for Natural Sciences - Physical Sciences
