M.J. Murdock
CHARITABLE TRUST

Share Your Work, Submit a Photo

We continually share the good work of organizations with which we partner. To help us with this, we invite you to submit a photo that is representative of your organization, your work, and the constituencies you serve. We may use this photo on our website, on social media, in publications, or to display in the Murdock Trust offices.

Consider submitting a **photo either related to the grant or demonstrating your mission in action.** These photos provide a visual representation of the sectors with which we partner and the wide variety of constituencies served. If your organization has recently received a grant from the Murdock Trust and you have already submitted a photo, it is not necessary to submit another one.

Photo Guidelines:
- JPG or PNG
- High resolution (minimum size of 1 mb, but preferably higher)
- No text or logos should be on the photos.
- If possible, photos should not be cropped, compressed, put in a collage, etc. This gives us the greatest flexibility for use on multiple platforms.

With each photo, please give the name of the organization, a description of the photo's content, and permission to use the photo.

Submit your photo to Jenna Watson at jennaw@murdocktrust.org. If you have any questions or need assistance, please contact Jenna via email or at 360-694-8415.
